⑤ Dear Jim,

WVBR-FM
11 Central Ave
Ithaca, N.Y.

It is ~~my~~ understanding that one of NEAS's strongest features for Ivy is their efficiency in collating affidavits. I believe it would be more effective to let N.E.A.S. gather affidavits from the stations and prepare the composite than if Chas were to do it. N.E.A.S. has very sophisticated means to do this job, and they have been doing it for 1,000 newspapers for a long time. I believe N.E.A.S., if they do the job, can straighten out the billing situation

Mark
